

# Concordia's Quantitative Research and Competitions Club [QUARCC]

- **Research**
- **Innovation**
- **Competitions**

# About Us

**Our Goal: Provide Concordia students with a platform to develop and apply their quantitative skills.**

- Infrastructure & Platforms to Explore Research & Algorithms
- Composed of 3 Divisions
- Lower the Barriers of Entry for Quantitative Research & Trading Roles
- Support Our Members as They Learn the Insides of Capital Markets
- Extend Our Network Outside Quebec & Canada

# Executive Recruitment

**Join our team today to be a part of tomorrow's solutions!**

## **VP Academic**

Organizing the curriculum, setting up speaker panels, and onboarding members onto projects that spark their interest.

## **VP Internal Affairs**

Managing internal systems and keeping all QUARCC activities organized.

## **Oppourtunities Coordinator**

Scouting all opportunities from grants to competitions.

## **VP Projects**

Oversee club projects, market to sponsors, and coordinate with innovation lab members. Technical background preferred.

## **VP Events**

Organize club events, liaise with partner associations, manage logistics including venues and decorations.

## **AVP Marketing**

Collaborate with VP Marketing to promote projects, events, and research across divisions and the entire club.

## **AVP Corporate**

Assist VP Corporate in building company relationships and securing club funding.

**A Big Thank You  
From The**

**QUARCC Team!**

The logo for QUARCC features two stylized network diagrams. The first is a teal-colored starburst with multiple arms ending in small circles. The second is a red-colored starburst with a central circle and five arms ending in small circles. The text 'QUARCC' is written in a bold, sans-serif font, with 'QUA' in black, 'R' in blue, and 'CC' in red. The word 'Team!' follows in black.
